Report on NCC

Prepared by NCC Cell in association with IQAC

BEST PRACTICE # 2

Title of the Practice

Train - Assimilate - Empower: Contribution of the lives of the unprivileged

Objectives of the Practice

After 4 years of the establishment of the Institution on 1st July, 1985, the NCC Wing of the College was introduced in the year 1989 with the following objectives:

- To inculcate qualities like nationalism and discipline, courage and solidarity among the students
- To create responsible citizens
- To help students to develop the quality of taking decision in emergency
- To empower students with 'B' and 'C' Certificates besides academic achievement
- To help students who want to join Defence related Services to score extra marks
- To empower girl students by providing an extra avenue in jobs
- To encourage girl students to learn self-defence

The Context

The Institution was built on the ideals of Late Mahapran Jogendranath Mondal, a famous Dalit leader who spent his life serving the backward community. Our College students come from financially and socially backward families. They can enter the mainstream and earn respect in society only through education and economic empowerment. With this Vision, the

College introduced NCC Cell for male students in the year 1989. And those boys working in others' fields as landless labourers to contribute to family income besides attending College, found an alternative to dedicate their energy and time and that is the hard physical exercises of a NCC cadet. Success came slowly but steadily.

After completing this programme, students have the opportunity to get jobs in defence related fields. Along with rigorous physical training our students also learnt about discipline, unity, spirit of cooperation, obedience and a deep desire to serve the nation as men in uniform.

The Practice

“The National Education Policy in Para 6.17 provides that the under the aegis of the Ministry of Defence, State Governments may encourage opening NCC wings in their Secondary and Higher Secondary Schools, including those located in tribal dominated areas. This will enable harnessing of the natural talent and unique potential of students, which in turn would help them to aspire for a successful career in the defence forces”. In alignment with NEP 2020, a NCC curriculum has been formulated in different Colleges under various Universities. The new curriculum offers essential knowledge and technical skills to the students about NCC.

The NCC unit for boys in our College was introduced in 1989 under the able guidance of Lieutenant Malay Dasgupta, ex-teacher of the Institution. After its initial success, in 2009 the College introduced the Girls unit. Students from local Sarada Sundari Balika Vidyalaya and girl students of our College and students even from Habra College began to practice in the College. What began as an experiment soon became a source of inspiration for girls as they began to acquire leadership and other qualities like spirit of adventure. This developed in them a sense of freedom from the shackles of confined existence. NCC Cell celebrated its glorious 25 years of journey (Silver Jubilee) in the year 2014 and its success story continues till date with organization of various social activities, thus serving the neighbouring communities. Some glimpses of the landmark programmes include:

- Thalassaemia detection test in the year 2014 in collaboration with Department of Health & Family Welfare, Government of West Bengal
- Internal Seminar on 7th April, 2015, World Health Day in collaboration with NSS Unit
- Silver Jubilee Celebration
- College Cleaning and cleaning the Water Tank in the neighbourhood of the College
- Traffic Control at Nahata Bazar
- Re -union of NCC Alumni Association

The NCC cadets (male and female) have participated in programmes like

- Republic Day parade in Delhi
- Independence parade at Bongaon SDO Office
- Communal Harmony Day
- International Yoga Day
- International Mother Language Day
- Fit India Week during the pandemic
- Swachhh Bharat Abhiyan
- Tree plantation on the Environment Day
- Outreach Service at Gaighata Poush Mela and Chowberia Dinubandhu Mela

The NCC alumni also generated fund and helped the impoverished families of the College locality during the pandemic.

Evidence of Success

- Most of our students belong to economically depressed families. After the pandemic the financial condition has deteriorated considerably. The Mission and Vision of our College is to empower the neighbouring community through a holistic development of the individual student.
- The NCC **Male and Female Units (Senior Division & Senior Wing) (Unit 6 Bengal BN NCC, Coy.no-3/6 & 5/6)** has the aim to empower the cadets (both male and female) from its inception in the year 1989 (for male cadets) and in the year 2009 (for female cadets) and this is in tune with the Mission and Vision of the College and also New Education Policy, 2020.
- A thorough rigorous training regime has helped the students to assimilate the course and to obtain the 'B' and 'C' Certificates.
- Success came as employment in different defence related services including Army, CRPF, WBP, WBCEF, BSF and Fire Brigade.
- Till the academic year 2017-18, the total number of employed cadets is 189 including female cadets (as per record).
- In our assessment period, from 2018-19 to 2022-23, 31 cadets got employed (as per record).
- Also, till date, 27 cadets (including females) received National recognition in TSC, RDC, LRDC and SNIC.

Problems Encountered and Resources Required

- Strict discipline and laborious training for long hours often discourage students from joining NCC
- The introduction of 6 semester credit system does not encourage camp centric activities
- Sometimes students feel that their studies will be affected by long hours of training
- Self-assertive girls with leadership qualities and ambition to join different Defence related services are often disapproved by conservative parents and orthodox society
- Decline of popularity of NCC among students who do not want to join Defence Services
- Language is a major hindrance as students coming from Bengali medium schools are not well conversed in Hindi/English which is the medium of instruction in NCC
- No lady ANO

Notes

In spite of all obstacles, the narration of struggle of the NCC Cell of Nahata Jogendranath Mondal Smriti Mahavidyalaya is more than a description of success of a NCC Cell in a rural College. It has provided the much needed social and economic status to the local students. It is more than training; it is for these underprivileged, neglected and marginalised sons of the soil a struggle for excellence, honour and recognition in the outer world.

The New Education Policy, 2020 has emphasized on the holistic development of students. But our Institution, located in a rural, backward area near the Indo-Bangladesh border with restricted resources thought of the holistic development of the individual students besides teaching them regular academic courses is known for this Best Practice, a Karma that it has been practising silently and consistently for the last 37 years (since 1989).
